impala

IMPORT, STORAGE AND DISTRIBUTION FACILITY
WESTERN AUSTRALIA

Impala Terminals Group facilitates the global trade of commodities by offering producers and consumers reliable and efficient access to international markets. Through our network of more than 45 strategically located assets and operations in 29 countries, we provide critical storage and logistics infrastructure services to energy and dry bulk customers around the world. The company manages two global businesses – Impala Terminals Energy Infrastructure and Impala Terminals Dry Bulk & Logistics – and is a joint venture between Trafigura, a market leader in the global commodities industry, and industry super-owned global fund manager, IFM Investors.

Our new state-of-the-art facility in Kwinana provides more than 225,000 cbm of storage capacity, expanding the fuel import, storage and distribution capacity of Western Australia to create a more resilient energy market.
