IMPALA TERMINALS MIDDLE EAST

➤ THIRD-PARTY LOGISTICS SERVICES IN THE MIDDLE EAST

ABOUT IMPALA TERMINALS

We design, implement, own and operate multimodal logistics assets, with a focus on the safe and reliable transfer of dry and liquid bulk cargoes and containers to and from inland sites of production and consumption, through deep-sea ports.

Impala Terminals has particular expertise in providing efficient logistics solutions in challenging environments and hard to reach locations.

With 28 operations across 20 countries around the world, we are strengthening trading links every day by offering smart, cost-effective and customer focused solutions that are built on our over 20 years of expertise in fast-growing markets.

IMPALA TERMINALS MIDDLE EAST

For the last decade, Impala Terminals has been operating one of the largest third-party operations in Dubai, a 160,000m² plot in Jebel Ali Port Free Zone, one of the world's biggest and most dynamic free trade zones built around the Jebel Ali Port.

From this operation, we offer an array of supply chain solutions that facilitate the distribution of raw materials, semi-finished and finished goods between the Middle East and the Indian sub-continent, South-East Asia/Far East, Europe and Africa.

Our team of experienced logistics specialists are on hand to provide our wide ranging customer base with end-to-end logistics solutions tailored to their individual requirements.

Our services include automated inventory management, as well as bulk, FCL & LCL handling, air freight and land transport provision.

➤ QUALITY CERTIFIED TERMINAL

1 ISO9001: 2015

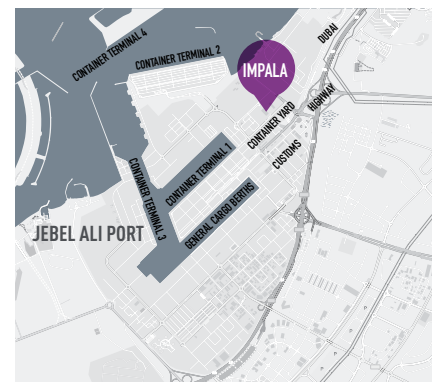

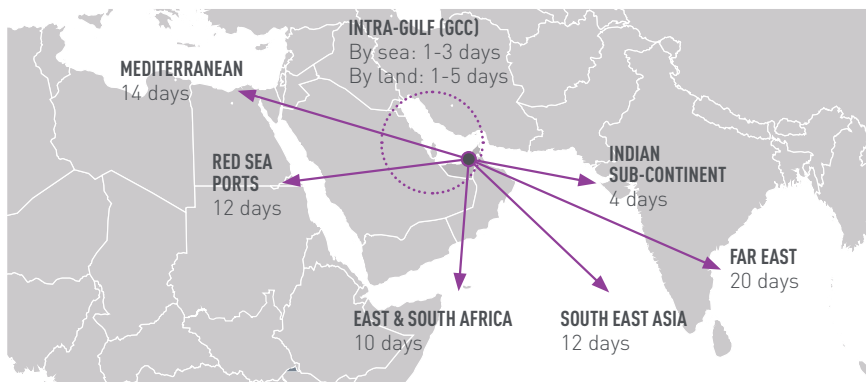

for quality management system

➤ ADDITIONAL LOGISTICS SOLUTIONS

In addition to warehousing, Impala Terminals Middle East acts as a freight forwarder, offering customers multimodal logistic solutions, including road transportation within the GCC and Middle East, air freight for regional and international distribution of goods and ocean shipping for container and bulk movements. For ocean shipping, our services include air, LCL and FCL, providing flexibility to best match each company's scale.

We offer door-to-door delivery and provide value-added services at each stage of the process including packing, bundling, bagging and more.

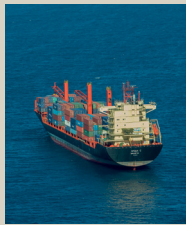

We use our local and international customs expertise to ensure customs rules and regulations are met and that cargo arrives in good condition and on time.

For the automotive industry, Jebel Ali Port represents a crucial point of entry to other countries in the region. Our 136,000m² open yard offers the flexibility to store all vehicle types and sizes. We handle container stuffing and distribution from our facility as well as secure and efficient storing of spare parts, reducing inventory and trade costs for our customers.
